ERP/MES - SaaS Platform

We are an **Indo-German** initiative designed to revolutionise the manufacturing landscape for Indian **MSMEs**. Our mission is to drive both **Business Transformation and Digital Transformation** to elevate productivity, sustainability, and smart manufacturing practices.

One software integrating all your manufacturing processes from Enquiry to Dispatch with Accounting, HR and Payroll.

We connect OEMS, Manufacturers, Suppliers, and Service Providers into a unified **INDEEYA Manufacturing Ecosystem**, bringing maximum benefits to you.

EVERYTHING AT YOUR FINGERTIPS

ACCOUNTING & COSTING
- Account Receivables and Payables
- Financial Reporting
- General Ledger Management
- Product Costing
- Profitability Analysis

SALES AND CUSTOMER SERVICE
- Contract Management
- Delivery Processing with E-way Bill & GST Invoicing
- Enquiry Management
- Quotation Management
- Sales Order & Forecast Management

MANUFACTURING ENGINEERING
- BoM & Routing Management
- Electrode planning
- Engineering Change Management
- Product Master Data Management
- Tools & Equipment Planning

PURCHASE
- Procurement (Planning, Approval, Order release)
- RFQ Management
- Strategic Sourcing (Supplier and Contract Management)
- Supplier Directory & Machine Directory
- Supplier Rating

PROJECT MANAGEMENT
- Flexible Project template customization
- Gantt Timeline Chart auto sync with shopfloor progress
- Profitability analysis - Program / Project level
- Program / Project Planning (APQP)
- Project Cost & schedule Monitoring & Controlling

PRODUCTION PLANNING
- Capacity Planning
- External Operation and Sub-contracting
- Material Availability check
- Material Requirement Planning
- Production / Work Order Release and Management

SHOP FLOOR MANAGEMENT
- Performance Monitoring - Man and Machine
- Production / Work Order Execution
- Rejections and Root cause analysis
- Scheduling and Resource Prioritization
- Shop floor Data collection

TOOL LIFECYCLE MANAGEMENT
- Cost monitoring (Planned vs Actual)
- Tool Design to Tool Scrap tracker
- Gantt Timeline Chart auto sync with shopfloor progress
- Template Management & Monitoring (APQP / PPAP / Trials / Lesson Learned)
- Tool Estimates (Quick Quote and Detailed Quote options)

QUALITY MANAGEMENT
- Cost of Poor-Quality monitoring
- Equipment Calibration
- Incoming / In-process / Final Inspection Management
- Qualitative and Quantitative Results recording
- Rejection reporting with Root cause Analysis

INVENTORY MANAGEMENT
- Dispatch Process (Auto picklist, Delivery challan, Shipment)
- Inventory Maintenance (Goods Receipt / Issue / Transfers)
- Integrated Labels (QR Codes)
- Storage Locations, Racks and Bin Management
- Warehouse monitoring and Reporting

HUMAN RESOURCE MANAGEMENT
- Employee Training Management (Content / Progress / History)
- Payroll Management
- Performance Management
- Personnel Administration
- Time Management (Attendance, Leave, Overtime, Holidays)

DOCUMENT MANAGEMENT SYSTEM
- Document Archiving and Compliance
- Document Creation and Storage
- Document Distribution and Workflow
- Easy Document Search and Retrieval
- Role based access authorization

HEADSUP – COLLABORATION SUITE
- Channel Management (Plant / Department / Project)
- Email Service
- Incident Reporting and Inspection Handling
- One-to-One / group Chats like WhatsApp
- Task Management with Auto escalation for Past Dues

SMART MANUFACTURING
- Advanced Analytics and Artificial Intelligence
- Automation (Robotics, Process Automation)
- BoTs / AI Agents
- Data integration and Connectivity (IIoT, Cloud, etc.)
- Sustainability and Resource Optimization

INDEEYA ECOSYSTEM
- Data Exchange Layer (Bolton system to External Systems)
- Domestic Marketplace
- International Marketplace
- Third party App Integration layer
- Unified network (OEMs, Material Suppliers, Service Providers)
